PortaSplit R32 – Product Data Sheet

Portable split air conditioner · 12,000 BTU/h (3.5 kW) · Cooling & Heating | EU Energy Fiche – Delegated Regulation (EU) 626/2011

General

Supplier name / trademark	**Midea**
Model identifier	**PortaSplit12KCH**
Refrigerant	**R32 (GWP 675)**
Inside sound power level (Cooling / Heating)	**59 dB / 59 dB**
Outside sound power level (Cooling / Heating)	**62 dB / 62 dB**

Cooling mode

Seasonal Energy Efficiency Ratio (SEER)	**6.1**
Energy efficiency class	**A++**
Annual electricity consumption	**201 kWh / year**
Design load	**3.5 kW**

Heating mode (average season)

Seasonal Coefficient of Performance (SCOP)	**4.0**
Energy efficiency class	**A+**
Annual electricity consumption	**770 kWh / year**
Design load	**2.2 kW**
Declared capacity	**2.2 kW**
Backup heating capacity	**0.0 kW**

Registration

Model placed on the EU market from	**01/12/2025**
EPREL registration number	**2575147**
GTIN	**4048164116478**

Refrigerant leakage contributes to climate change. A refrigerant with lower global warming potential (GWP) would contribute less to global warming than one with higher GWP if leaked. This appliance contains a refrigerant with a GWP of 675: leaking 1 kg to the atmosphere would have 675 times the impact of 1 kg of CO■ over 100 years. Never interfere with the refrigerant circuit or disassemble the product yourself – always ask a professional. Actual energy consumption depends on how and where the appliance is used.
